

Injector/Pump Core Check List

****IMPORTANT:** Please complete. Call **(253) 922-8786** if any questions**

- Cores not returned within 30 days may not receive full, or any, credit
- All cores will be inspected prior to issuing credit
- If the engine quit running, the pump may be seized
- Cores with severe water damage or severe acidic damage may not receive full credit

- _____ Verify injector or pump numbers are the same
- _____ Make sure cores are COMPLETE. Disassembled Cores will be inspected prior to credit
- _____ Damaged cores or cores with missing parts will not receive full credit
- _____ Seized Rotary Pumps may not receive full credit
- _____ 6.9L/7.3L injection pump cores with pump tag names of "International Fuel Systems" or "Tomco" must be tested before credit will be issued.
- _____ Swap over necessary fittings and linkages
- _____ DRAIN all fuel/oil from cores prior to shipping-leaks can severely delay delivery due to hazmat regulations
- _____ Double bag the core for shipment
- _____ Use materials to prevent damage to the core during shipping
- _____ Enclose a copy of the invoice to expedite credit
